Snowshoes, Cross Country skiing, Sami Culture, Husky Safari, Reindeer Safari, Wild Moose Safari, In-door water park, the animal park Polar Park, etc.

**WELCOME!**

## AURORA SKY POINT

The Aurora Sky Point is one of the very best spots in the world to hunt the Northern Light; inline climate, mostly clear skies, sub-zero temperatures and dark.

Your adventure starts at the Basecamp Snowman in Målselv Fjellandsby, only two hours from Tromsø and high up in the mountain. First you will get a short pre show to introduce you to the Aurora and the local culture, while coffe/tea and cakes are served.

Then we take a short and very easy walk two minutes to the Aurora spot, together with the photographer and the guide. You can enjoy the open fire just outside the fence of the amazing Reindeer herd.

The photographer will help you to take the best pictures of Aurora (and you, if you like). The photos taken during the adventure will be made available for you at our net sites after the trip.

At the basecamp you will find a reception, souvenir shop, café, toilet, etc.

As extra you can pre book a two course evening meal or three course dinner.

If you need transfer from Tromsø or from Narvik, you can catch the bus "Arctic Route", departure every day in season 1/12 – 31/4.

Just call us at ph +4777830570, send us a mail at [booking@destinationsnowman.no](mailto:booking@destinationsnowman.no) or book online at [www.destinationsnowman.no](http://www.destinationsnowman.no). Welcome!

The Aurora Sky Point is situated just outside Basecamp Snowman (blue light) in Målselv Fjellandsby
